INFORMS PUBS SUITE for Institutional Subscribers

INFORMS offers an attractive discount for institutions to subscribe to the entire 12-journal INFORMS Pubs Suite in print and online, or just to online access. Free access to electronic journals is a benefit for the library that receives the print journal. The convenience of access for the local campus has been included at no additional charge. Remote access by faculty, staff, and students of the institution is granted with our Remote Access Pricing. The Pubs Suite price provides a significant savings over purchasing the journals individually. This subscription provides access for the period of January 1st to December 31st of the current year, including online access to backfile issues for the subscribed journals. The backfile issues cover the period from 1998 through the current year.

The Institute for Operations Research and the Management Sciences (INFORMS[®]) is an international scientific society with over 10,000 members dedicated to applying scientific methods to improve decision making, management, and operations. Operations research (O.R.) is the discipline of applying advanced analytical methods to help make better decisions. Members of INFORMS work in business, government, and academia and represent fields as diverse as aviation, health care, law enforcement, the military, finance, marketing, and telecommunications.

INFORMS serves the scientific and professional needs of O.R. analysts, consultants, scientists, students, educators, and managers, as well as their institutions, by publishing a variety of journals that describe the latest research in O.R.
