

Boost OR/MS Practice by Joining the Practice Section of INFORMS.

CPMS
The Practice Section of INFORMS

If you practice OR/MS full time, practice part-time, lecture on practice, or otherwise have an interest in practice, you should be a member of CPMS. The mission of CPMS is to comprehensively support and advance practice in all types of organizations – business, government, military, health care, universities, and non-profits.

A membership in CPMS brings solid benefits for one low fee. And it shows your support for actual real-world applications, without which the profession would not exist. Benefits and support reach out to conferences, journals, awards, newsletters, and more.

Awards

- » Franz Edelman Award
- » Daniel H. Wagner Prize
- » INFORMS Prize

Journals

Join INFORMS and make any of these your free "dues" journal.

- » *Interfaces* (a journal entirely devoted to practice)
- » *Management Science* (Management Insights give practice-oriented summaries of articles)
