The Institute for Operations Research and the Management Sciences (INFORMS®) is an international scientific society with over 10,000 members dedicated to applying scientific methods to improve decision making, management, and operations. Operations research (O.R.) is the discipline of applying advanced analytical methods to help make better decisions. Members of INFORMS work in business, government, and academia and represent fields as diverse as aviation, health care, law enforcement, the military, finance, marketing, and telecommunications.

INFORMS serves the scientific and professional needs of O.R. analysts, consultants, scientists, students, educators, and managers, as well as their institutions, by publishing a variety of journals that describe the latest research in O.R.

INFORMS COMMUNITIES

www.informs.org/Participate-In-a-Community

Societies, Sections, Chapters, Fora

Join today to:

- Get the most out of your INFORMS membership
- Connect with like-minded colleagues
- Access specialized knowledge

Target the community type that best meets your needs...

SOCIETIES

Established, mature communities that specialize in broad O.R. subject areas such as applied probability, decision analysis, and simulation. Join to attend specialized, technical conferences, discuss key topics, share information, and meet international colleagues.

SECTIONS

Technical groups devoted to advancing the professional interests of members in specialized areas such as artificial intelligence, data mining, and e-business. Join to connect with professionals who share your interests, gain knowledge about a new field, and put your stamp on a technical subject area.

CHAPTERS

Regional groups that unite colleagues in close proximity and cover O.R. subject areas of particular interest. Join to establish a personal network, attend focused, intimate gatherings, and to hone your organizing, speaking, and leadership skills.

STUDENT CHAPTERS

University-based groups that provide a professional starting point for students. Join to enrich your O.R. learning, discuss career opportunities, and network with peers and O.R. professionals.

FORA

Special interest groups that are neither geographic nor disciplinary that provide a voice to specialized constituencies such as women, junior faculty, and minorities in O.R. Join to help give voice to specific issues and interact with equally concerned colleagues.

BENEFITS OF COMMUNITY MEMBERSHIP

- Access specialized knowledge through newsletters, discussion boards, and meetings
- Increase your ability to learn about specific “tools of the trade”
- Enjoy discounts on registration rates for special interest conferences and selected journals
- Gain the ability to help shape the INFORMS Annual and Regional Meetings through community-sponsored and -presented meeting tracks
- Compete for specialized awards
- Take advantage of volunteer leadership opportunities to raise your profile
- Uncover the sometimes hidden job market
- Find new potential clients
- Make a positive contribution to your profession

HOW TO JOIN

Join online at <http://join.informs.org>

Call INFORMS Customer Service at 1.443.757.3500 or 1.800.446.3676

Send an e-mail to subdivisions@informs.org

Download an order form from www.informs.org/Participate-In-a-Community and mail or fax order form to:
