

INFORMS JOURNALS ARCHIVE

INFORMS provides academic institutions with online access to 197 total volumes, 1,243 issues, over 15,000 articles, and 177,000 pages covering operations research and its historical impact in the INFORMS Journals Archive.

The INFORMS Journals Archive provides libraries and their constituents with a variety of benefits:

- Access to archives of our two must-have flagship publications, *Operations Research* (1952) and *Management Science* (1954), in addition to the other seven titles included in the collection
- Articles from Volume 1, Issue 1 of nine INFORMS journals launched before 1998
- Faculty, students, O.R. professionals, and historians will value the Journals Archive collection, spanning over 40 years of O.R. research, methods, and applications
- Feature-rich hosting with all other INFORMS content on HighWire Press®
- Perpetual access guaranteed via a small annual maintenance fee.

To find out more about the Journals Archive and our flexible pricing options, visit <http://www.informs.org/journals-archive> or contact us at ipolcentral@informs.org.

INFORMS PUBS SUITE

INFORMS offers an attractive discount for institutions who subscribe to the entire 13-journal INFORMS Pubs Suite in print+online, or online-only. Free access to electronic journals is a benefit for the library that receives the print journal. The convenience of access for the local campus is included at no additional charge. Remote access by faculty, staff, and students of the institution is granted with our Remote Access Pricing.

The Pubs Suite price provides a significant savings over purchasing the journals individually. This subscription provides access for the period of January 1 to December 31 of the current year, including online access to backfile issues for the subscribed journals. The backfile issues cover the period from 1998 through the current year.

FREE 30-DAY TRIAL FOR LIBRARIANS

Visit <http://librarians.pubs.informs.org> to sign up for a free 30-day trial of online access to abstracts and text of the entire suite of INFORMS journals.

The Institute for Operations Research and the Management Sciences (INFORMS®) is an international scientific society with over 10,000 members dedicated to applying scientific methods to improve decision making, management, and operations. Operations research (O.R.) is the discipline of applying advanced analytical methods to help make better decisions. Members of INFORMS work in business, government, and academia and represent fields as diverse as aviation, health care, law enforcement, the military, finance, marketing, and telecommunications.

INFORMS serves the scientific and professional needs of O.R. analysts, consultants, scientists, students, educators, and managers, as well as their institutions, by publishing a variety of journals that describe the latest research in O.R.

INFORMS PUBLICATIONS

www.informs.org/Pubs

DECISION ANALYSIS

<http://da.pubs.informs.org>

Decision Analysis is dedicated to advancing the theory, application, and teaching of all aspects of decision analysis. The primary focus of the journal is to develop and study operational decision-making methods.

Frequency: Quarterly
Social Science Citation (SSCI): Management
ISSN: 1545-8490 (Print), 1545-8504 (Online)

<http://isr.pubs.informs.org>

Information Systems Research (ISR) is a leading international journal of theory, research, and intellectual development focused on information systems in organizations, institutions, the economy, and society. It is dedicated to furthering knowledge in the application of IT to human organizations and their management.

Frequency: Quarterly
Social Science Citation Index (SSCI): Information Science & Library Science
ISSN: 1047-7047 (Print), 1526-5536 (Online)

<http://ite.pubs.informs.org>

INFORMS Transactions on Education is a peer-reviewed, open-access electronic journal on education in management science and operations research. Its mission is to advance O.R. education at all levels worldwide.

Frequency: Three times a year
ISSN: 1532-0545 (Online)

Interfaces

<http://interfaces.pubs.informs.org>

Interfaces focuses on improving the practical application of O.R. to decisions and policies in today's organizations and industries. The journal encourages the exchange of information between O.R. managers and professionals and informs the academic community about the practice of O.R. in diverse areas.

Frequency: Bimonthly
Social Science Citation Index (SSCI) category: Management
Science Citation Index (SCI) category: Operations Research and Management Science
ISSN: 0092-2102 (Print), 1526-551X (Online)

<http://joc.pubs.informs.org>

INFORMS Journal on Computing publishes papers covering the broad intersection of O.R. and computing. Research studies, timely feature articles, and reviews integrate recent streams of research to provide additional insights that O.R. offers to computer scientists and academics.

Frequency: Quarterly
Science Citation Index (SCI): Computer Science, Interdisciplinary Application, Operations Research and Management Science
ISSN: 1091-9856 (Print), 1526-5528 (Online)

MANAGEMENT SCIENCE

<http://mansci.pubs.informs.org>

Management Science is INFORMS flagship journal that publishes scientific research focusing on the problems, interests, and concerns of managers. Its articles address management issues, using tools from O.R., mathematics, statistics, industrial engineering, psychology, sociology, and political science.

Frequency: Monthly
Social Science Citation Index (SSCI) : Management
Science Citation Index (SCI): Operations Research and Management Science
ISSN: 0025-1909 (Print), 1526-5501 (Online)

<http://msom.pubs.informs.org>

Manufacturing & Service Operations Management (M&SOM) is the premier journal of the operations management research community. The journal publishes a wide range of research related to the production and operations management of goods and services.

Frequency: Quarterly
Social Science Citation (SSCI): Management
ISSN: 1523-4614 (Print), 1526-5498 (Online)

MARKETING SCIENCE

<http://mktsci.pubs.informs.org>

Marketing Science, at the upper echelon of business and marketing journals, addresses current questions in marketing and introduces cutting-edge research, as well as new insights and approaches to current marketing-related problems.

Frequency: Bimonthly
Social Science Citation Index (SSCI): Business
ISSN: 0732-2399 (Print), 1526-548X (Online)

MATHEMATICS OF OPERATIONS RESEARCH

<http://mor.pubs.informs.org>

Mathematics of Operations Research publishes foundational studies with significant mathematical content and relevance to O.R. The articles cover the areas of continuous, discrete, and stochastic optimization, mathematical programming, dynamic programming, stochastic processes, stochastic models, simulation methodology, control and adaptation, networks, game theory, and decision theory.

Frequency: Quarterly
Science Citation Index (SCI) category: Mathematics (Applied), Operations Research and Management Science
ISSN: 0364-765X (Print), 1526-5471 (Online)

OPERATIONS RESEARCH

<http://or.pubs.informs.org>

Operations Research is INFORMS flagship journal serving the broad operations research community, including practitioners, researchers, educators, and students. *Operations Research* strives to publish results that are truly insightful, with substantial scientific contributions that will stand the test of time.

Frequency: Bimonthly
Science Citation Index (SCI) category: Operations Research and Management Science
ISSN: 0030-364X (Print), 1526-5463 (Online)

Organization Science

<http://orgsci.pubs.informs.org>

Organization Science is widely recognized as one of the top journals in the fields of strategy, management, and organization theory. The journal publishes groundbreaking research about organizations, including their processes, structures, technologies, identities, capabilities, forms, and performance, representing research from different disciplines.

Frequency: Bimonthly
Social Science Citation Index (SSCI) category: Management
ISSN: 1047-7039 (Print), 1526-5455 (Online)

SERVICE SCIENCE

<http://servsci.pubs.informs.org>

Service Science, a fully refereed online journal, covers state-of-the-art research, education, practice, and breakthroughs in the service science. Ultimately, these empirical results and newly discovered science and technology are disseminated to academia and explained to policy makers, practicing professionals, and managers.

Frequency: Quarterly
ISSN: 2164-3970 (Online)

TRANSPORTATION SCIENCE

<http://transci.pubs.informs.org>

Transportation Science is the foremost journal in the field of transportation analysis. The journal features comprehensive, timely articles and surveys that cover all modes of transportation, present and prospective, and researches planning and design issues and their related economic, operational, and social concerns.

Frequency: Quarterly
Social Science Citation Index (SSCI): Transportation
Science Citation Index (SCI): Operations Research and Management Science
ISSN: 0041-1655 (Print), 1526-5447 (Online)
