JOURNAL SPONSORSHIP

INFORMS JOURNAL SPONSORSHIP OPPORTUNITIES

As an INFORMS sponsor, your company or institution will be listed near the front of each issue, including your name, city/state/country, and web address. You will also be listed on the journal’s homepage, with a banner advertisement and link to your website.

INFORMS offers three (3) Journal Sponsorship Packages: Platinum, Gold, and Silver. Each package offers different levels of sponsorship opportunities and benefits with a combined value equivalent to your contribution. Sponsors may also support the publication of an additional journal issue.

Journal Sponsorship Benefits include:

- **Journal Print Advertisements**: Full- or half-page print advertisement space (full- or half-year placements)

- **Journal Subscriptions**: 2021 online journal subscription (not available to institutions)

- **INFORMS Career Center**: Special exclusive packages including INFORMS Career Fairs

- **Sponsorship Logo**: Sponsor’s logo on journal homepage for 12 months

- **OR/MS Today Print Advertising Space**: Full-page advertisement in one 2021 issue

- **Analytics Magazine Display Ad**: Online banner ad placed in one 2021 online issue

INFORMS JOURNAL ON APPLIED ANALYTICS (IJAA)

INFORMS Journal on Applied Analytics publishes manuscripts focusing on the practice of operations research and management science (OR/MS) and the impact this practice has on organizations throughout the world. The most appropriate papers are descriptions of the practice and implementation of OR/MS in commerce, industry, government, or education. The journal publishes papers in all areas of OR/MS including O.R., information systems, finance, marketing, education, quality, and strategy.

pubsonline.informs.org/journal/inte  I  Frequency: 6 issues/year (bimonthly)

INFORMS JOURNAL ON COMPUTING (IJOC)

INFORMS Journal on Computing publishes a wide range of papers covering the broad intersection of O.R. and computer science. In addition to research articles, there are special papers in a variety of formats, including feature articles on timely topics, expository and state-of-the-art reviews, and research perspectives.

pubsonline.informs.org/journal/ijoc  I  Frequency: 4 issues/year (quarterly)
INFORMS JOURNAL ON OPTIMIZATION (IJOO)
The future of optimization defines the field of analytics as the science that starts with data and builds models to derive optimal decisions that add value. With these ideas in mind, INFORMS Journal on Optimization includes the following new areas: data-driven optimization; optimization methods in machine learning; and exciting real-world applications of optimization. In addition, the journal will publish papers in more traditional areas of optimization.

pubsonline.informs.org/journal/ijoo  I  Frequency: 4 issues/year (quarterly)

MANAGEMENT SCIENCE (MNSC)
Management Science publishes scientific research on the practice of management focusing on the problems, interest, and concerns of managers. Within its scope are all aspects of management related to strategy, entrepreneurship, innovation, information technology, and organizations as well as all functional areas of business, such as accounting, finance, marketing, and operations.

pubsonline.informs.org/journal/mnsc  I  Frequency: 12 issues/year (monthly)

MANUFACTURING & SERVICE OPERATIONS MANAGEMENT (M& SOM)
INFORMS journal for operations management publishes high-impact manuscripts that report relevant research on important problems in operations management. This research can be prescriptive or descriptive; in either case, the intent of the research is ultimately to develop some form of enduring knowledge that can lead to more efficient or effective processes for the creation and delivery of goods and services.

pubsonline.informs.org/journal/msom  I  Frequency: 6 issues/year (bimonthly)

MARKETING SCIENCE (MKSC)
Marketing Science is the premier journal focusing on empirical and theoretical quantitative research in marketing. Researchers employ a rigorous mathematical modeling approach aimed at improving the actions of marketing decision makers, offering a deeper understanding of marketing phenomena.

pubsonline.informs.org/journal/mksc  I  Frequency: 6 issues/year (bimonthly)
OPERATIONS RESEARCH (OPRE)
Operations Research publishes high-quality papers that represent the true breadth of the methodologies and applications that define our field. It serves the entire O.R. community including practitioners, researchers, educators, and students. In that respect, the papers that appear in the journal must satisfy three essential requirements: operations-focused, scientific, and broad.

pubsonline.informs.org/journal/opre | Frequency: 6 issues/year (bimonthly)

ORGANIZATION SCIENCE (ORSC)
Organization Science is widely recognized as one of the top journals in the fields of strategy, management, and organization theory. The journal publishes groundbreaking research about organizations, including their processes, structures, technologies, identities, capabilities, forms, and performance. Articles focus on fundamental research from different disciplines, such as organizational behavior and theory, sociology, strategic management, economics, information systems, and technology management.

pubsonline.informs.org/journal/orsc | Frequency: 6 issues/year (bimonthly)

STRATEGY SCIENCE (STSC)
Strategy Science publishes outstanding research directed to the challenges of strategic management in both business and nonbusiness organizations. This agenda encompasses a broad range of topics including relatively macro-level concerns of industry dynamics and the institutional context in which organizations operate to more organizational-level focused work that links the organization to its external context.

pubsonline.informs.org/journal/stsc | Frequency: 4 issues/year (quarterly)

TRANSPORTATION SCIENCE (TRSC)
As the foremost scientific journal in the cross-disciplinary operational research field of transportation analysis, Transportation Science publishes high-quality original contributions and surveys on phenomena associated with all modes of transportation, present and prospective, including all levels of planning, design, economic, operational, and social aspects.
